SB 136 – HB 192

February 18, 2017

SUMMARY OF ORIGINAL BILL: Reduces the required number of fire drills in educational occupancies from once per month to four times per academic year. Requires the first fire drill to be held during the first 14 days of an academic year and that the three remaining fire drills be conducted during the academic year and be unannounced.

FISCAL IMPACT OF ORIGINAL BILL:

NOT SIGNIFICANT

SUMMARY OF AMENDMENT (003810): Deletes and replaces language in the original bill such that the amended bill requires fire drills to be held once every 30 school days, rather than four times per school year, with the first fire drill occurring during the first 14 days of the school year, and that all remaining fire drills are unannounced.

FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENT:

Unchanged from the original fiscal note.

Assumption for the bill as amended:

- Based on information from the Department of Education and the Comptroller of the Treasury, conducting fire drills does not require local education agencies to expend state or local funding. As a result, this bill as amended will not result in a significant fiscal impact to state or local government.
